The APCD Hearing Board meets at times mutually satisfactory to the members. Day meetings are more common than evening meetings. Currently the Hearing Board meets on Thursdays at 9:00 a.m. (this is subject to change). Will you be able to schedule your time accordingly?

Yes       No

Have you ever been affiliated with an entity that is regulated by the Air Pollution Control District?

Yes       No

*If yes, please list them here:*

I assisted CalPeak Power obtain air permits for peaking gas turbines in San Diego County in 2001. I have also assisted Children's Hospital and Grossmont Hospital obtains air permits for their upgraded cogeneration plants in the 2005-2010 timeframe.

What area of expertise are you seeking to represent on the APCD Hearing Board? At this time, the APCD is accepting applications for the Medical Professional alternate member, and the Professional Engineer member and alternate. The Medical Professional must have specialized skills, training or interests in the fields of environmental medicine, community medicine, or occupational/toxicologic medicine. The Professional Engineer must be registered as such pursuant to the Professional Engineers Act (Chapter 7 (commencing with Section 6700) of Division 3 of the California Business and Professions Code).

Professional Engineer

Please summarize your experience that demonstrates your interest and proven ability in the field of air pollution control and your understanding of the needs of the general public in connection with the air pollution problems of the County of San Diego.

A registered professional mechanical engineer in California and Missouri, Mr. Powers has extensive knowledge and experience in the fields of energy and environmental engineering, air emissions control, and regional energy planning. As the owner and principal of Powers Engineering, Mr. Powers works with clients throughout the United States, Latin America and Africa, providing expert testimony and analysis, strategic planning, and equipment testing for public sector and private industry clients. Mr. Powers has authored technical studies on a variety of energy-related topics, including: distributed generation-based strategic energy plan for the San Diego and Bay Area regions, gas turbine air emission controls, power plant cooling systems, and integrated strategic energy and environmental planning in the California - Baja California border region. Mr. Powers is the current professional engineer member of the San Diego County Air Pollution Control Hearing Board. He holds a B.S. in Mechanical Engineering from Duke University and M.P.H. in Environmental Sciences from the University of North Carolina.
