Greg Cox District 1
Dianne Jacob District 2
Pam Slater District 3
Ron Roberts District 4
Bill Horn District 5
Air Pollution Control District
R. J. Sommerville Director

DATE: October 17, 2001

TO: San Diego County Air Pollution Control Board

SUBJECT: ADOPTION OF AMENDMENTS TO REGULATION X REPEALING AND ADOPTING BY REFERENCE THE FOLLOWING NEW SOURCE PERFORMANCE STANDARDS (NSPS): SUBPART D – NSPS FOR FOSSIL-FUEL-FIRED STEAM GENERATORS; SUBPART Da – NSPS FOR ELECTRIC UTILITY STEAM GENERATING UNITS; AND SUBPART GG – NSPS FOR STATIONARY GAS TURBINES
(District: All)

SUMMARY:

Overview

New Source Performance Standards (NSPS) are promulgated as Subparts by the Environmental Protection Agency (EPA) and apply uniformly throughout the country. Subpart D, first promulgated on June 14, 1974; Subpart Da, first promulgated on June 11, 1979; and Subpart GG, first promulgated on September 10, 1979, were adopted with minor modifications into Regulation X - Standards of Performance for New Stationary Sources (APCB 7/9/80 #1 and APCB 11/24/82 #1). The District petitioned EPA for delegation and received authority to implement and enforce Regulation X, Subparts D, Da, and GG on November 8, 1976, May 24, 1982, and May 24, 1982, respectively.

EPA has amended each of the original federal subparts several times since their original promulgation, causing the Regulation X versions of these Subparts to become outdated. Therefore, the District is proposing to repeal the Regulation X versions and adopt Subparts D, Da, and GG and their current amendments by reference. A copy of these Subparts, and all subsequent amendments, will be included in Appendix C of the District Rules and Regulations. Adoption by reference will satisfy federal requirements and simplify the process for adopting any future EPA amendments. Following this action, the District will request that EPA delegate implementation and enforcement authority.

All units in San Diego County subject to these Subparts are currently in compliance with their applicable requirements, based on the District's determination that such units are currently in compliance with more stringent applicable District prohibitory rules.

SUBJECT: ADOPTION OF AMENDMENTS TO REGULATION X REPEALING AND ADOPTING BY REFERENCE THE FOLLOWING NEW SOURCE PERFORMANCE STANDARDS (NSPS): SUBPART D – NSPS FOR FOSSIL-FUEL-FIRED STEAM GENERATORS; SUBPART Da – NSPS FOR ELECTRIC UTILITY STEAM GENERATING UNITS; AND SUBPART GG – NSPS FOR STATIONARY GAS TURBINES
(District: All)

Subpart D regulates fossil-fuel-fired steam generating units rated at more than 73 megawatts heat input rate (250 million Btu per hour), which commenced construction, modification, or reconstruction after August 17, 1971. Subpart Da regulates each electric utility steam generating unit capable of combusting more than 73 megawatts (250 million Btu/hour) heat input of fossil fuel and for which construction or modification commenced after September 18, 1978. Subpart GG regulates stationary gas turbines with a heat input at peak load equal to or greater than 10.7 gigajoules per hour, based on the lower heating value and which commenced construction, modification, or reconstruction after October 3, 1977.

Sulfur dioxide, particulate matter, and nitrogen oxide concentration standards are specified and test methods, emission monitoring, reporting, and recordkeeping requirements are provided.

There was no opposition to adopting Subparts D, Da, and GG by reference at the public workshop held on August 15, 2001.

Recommendation(s)

AIR POLLUTION CONTROL OFFICER

Adopt the resolution amending Regulation X of the District Rules and Regulations by repealing existing Subparts D, Da, and GG as adopted by the Board on September 1, 1976; July 9, 1980; and July 9, 1980, respectively, and adding federal Subparts D, Da, and GG and their subsequent amendments (to date) by referencing the Federal Register and make appropriate findings:

- (i) of necessity, authority, clarity, consistency, non-duplication and reference as required by Section 40727 of the State Health and Safety Code;
- (ii) that an analysis of existing requirements applicable to the source or category is not required by Section 40727.2 of the Health and Safety Code because the proposed amendments do not impose new or more stringent requirements;
- (iii) that repealing existing Subparts D, Da, and GG and adding federal Subparts D, Da, and GG and their subsequent amendments (to date) will alleviate a problem and will promote attainment of ambient air quality standards (Section 40001 of the State Health and Safety Code);
- (iv) that an assessment of the socioeconomic impact is not required by Section 40728.5 of the State Health and Safety Code because repealing existing

SUBJECT: ADOPTION OF AMENDMENTS TO REGULATION X REPEALING AND ADOPTING BY REFERENCE THE FOLLOWING NEW SOURCE PERFORMANCE STANDARDS (NSPS): SUBPART D – NSPS FOR FOSSIL-FUEL-FIRED STEAM GENERATORS; SUBPART Da – NSPS FOR ELECTRIC UTILITY STEAM GENERATING UNITS; AND SUBPART GG – NSPS FOR STATIONARY GAS TURBINES
(District: All)

Subparts D, Da, and GG, and adding federal Subparts D, Da, and GG and their subsequent amendments (to date) will not significantly affect air quality or emission limitations; and

- (v) that it is certain there is no possibility that repealing existing Subparts D, Da, and GG, and adding federal Subparts D, Da, and GG and their subsequent amendments (to date) may have a significant adverse effect on the environment, and this action is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to California Code of Regulations, Title 14, Section 15061(b)(3).

Fiscal Impact

The recommended action will have no fiscal impact on the District.

Business Impact Statement

The recommendation will provide consistency between local and federal requirements, will impose no new requirements and, therefore, will not have any negative impacts on business.

Advisory Board Statement

The Air Pollution Control Advisory Committee supported the recommendation at its September 12, 2001, meeting.

BACKGROUND:

Socioeconomic Impact Assessment

Section 40728.5 of the State Health and Safety Code requires the District to perform a socioeconomic impact assessment for new and revised rules and regulations significantly affecting air quality or emission limitations. Amending Regulation X of the District Rules and Regulations by repealing existing Subparts D, Da, and GG and adding federal Subparts D, Da, and GG and their subsequent amendments will not affect air quality or emission limitations. Therefore, a socioeconomic impact assessment is not required.

Compliance with Board Policy on Adopting New Rules

On February 2, 1993, the Board directed that, with the exception of a regulation requested by business or a regulation for which a socioeconomic impact assessment is not required, no new or revised regulation shall be implemented unless specifically required by federal or state law. The proposed adoption of federal Subparts D, Da, and GG and their subsequent amendments is consistent with this Board directive.

SUBJECT: ADOPTION OF AMENDMENTS TO REGULATION X REPEALING AND ADOPTING BY REFERENCE THE FOLLOWING NEW SOURCE PERFORMANCE STANDARDS (NSPS): SUBPART D – NSPS FOR FOSSIL-FUEL-FIRED STEAM GENERATORS; SUBPART Da – NSPS FOR ELECTRIC UTILITY STEAM GENERATING UNITS; AND SUBPART GG – NSPS FOR STATIONARY GAS TURBINES
(District: All)

California Environmental Quality Act

The California Environmental Quality Act requires an environmental review for certain actions. The District has conducted a preliminary review of whether the California Environmental Quality Act applies to amending Regulation X of the District Rules and Regulations by repealing existing Subparts D, Da, and GG and adding federal Subparts D, Da, and GG and their subsequent amendments. It is certain there is no possibility that this action may have a significant adverse effect on the environment. Therefore, the adoption of amendments to Regulation X is exempt from the provisions of the California Environmental Quality Act pursuant to California Code of Regulations, Title 14, Section 15061(b)(3).

Comparison to Existing Requirements

Health and Safety Code Section 40727.2 requires that whenever the District proposes adopting, amending, or repealing a rule or regulation, an analysis be prepared to identify and compare the air pollution control elements of the proposal with corresponding elements of existing or proposed federal or District requirements. Pursuant to Section 40727.2(g), however, this analysis is not necessary if the District finds that the proposed rule does not impose a new emission limit or standard, nor make an existing emission limit or standard more stringent, nor impose new or more stringent monitoring, reporting, or recordkeeping requirements. The proposed amendments do not impose new or more stringent standards or monitoring, reporting, or recordkeeping requirements.

Additional Information:

Attachment I contains the Resolution amending Regulation X of the District's Rules and Regulations and a Change Copy.

Attachment II contains the NSPS Subparts D, Da, and GG and all amendments that are to be adopted by referencing the Federal Register.

Attachment III contains the report on the public workshop held on August 15, 2001.

Respectfully submitted,

ROBERT R. COPPER
Deputy Chief Administrative Officer

R. J. SOMMERVILLE
Air Pollution Control Officer

**RESOLUTION REPEALING EXISTING NEW SOURCE PERFORMANCE
STANDARDS (NSPS) SUBPARTS D, Da, AND GG OF REGULATION X AND
ADDING BY REFERENCE FEDERAL NSPS SUBPARTS D, Da, AND GG
TO REGULATION X OF THE RULES AND REGULATIONS OF THE
SAN DIEGO COUNTY AIR POLLUTION CONTROL DISTRICT**

On motion of Member Roberts, seconded by Member Jacob, the following resolution is adopted:

WHEREAS, the San Diego County Air Pollution Control Board, pursuant to Section 40702 of the Health and Safety Code, adopted Rules and Regulations of the Air Pollution Control District of San Diego County; and

WHEREAS, said Board now desires to amend said Rules and Regulations; and

WHEREAS, notice has been given and a public hearing has been had relating to the amendment of said Rules and Regulations pursuant to Section 40725 of the Health and Safety Code.

NOW THEREFORE IT IS RESOLVED AND ORDERED by the San Diego County Air Pollution Control Board that the Rules and Regulations of the Air Pollution Control District of San Diego County be and hereby are amended as follows:

1. Existing Regulation X New Source Performance Standards (NSPS), Subparts D, Da, and GG are deleted in their entirety.
2. NSPS federal Subparts D, Da, and GG are added to Regulation X by reference.

**REGULATION X. STANDARDS OF PERFORMANCE FOR NEW
STATIONARY SOURCES (NSPS)**

The provisions of Part 60, Chapter I, Title 40, of the Code of Federal Regulations, (40 CFR 60), applicable to the subparts listed in this Regulation are hereby adopted by reference on the date shown and made part of the District Rules and Regulations. Whenever any source is subject to more than one rule, regulation, provision, or requirement relating to the control of any air contaminant, in cases of conflict or duplication the most stringent rule, regulation, provision, or requirement shall apply.

All new sources of air pollution and all modified or reconstructed sources of air pollution shall comply with the applicable standards, criteria, and requirements set forth herein. For the purpose of this Regulation, the word "Administrator" as used in 40 CFR 60 shall mean the Air Pollution Control Officer of the San Diego County Air Pollution Control District, except that the Air Pollution Control Officer shall not be empowered to approve alternate test methods, alternate standards, or work practices. Other deviations, if any, from the provisions of 40 CFR 60 which are adopted by the Air Pollution Control Board are noted in the reference to the affected Subpart.

The U.S. Environmental Protection Agency (EPA) retains concurrent enforcement authority for these standards pursuant to Section 113 of the federal Clean Air Act, as amended, if the EPA Administrator desires to exercise it.

The addition of federal Subparts by reference to Regulation X shall take effect and be in force on the date of delegation of enforcement authority to the Air Pollution Control District by the U.S. EPA.

Resolution No. 01-298
10/17/2001 (APCB 3)

SAN DIEGO AIR POLLUTION CONTROL DISTRICT

CHANGE COPY

Proposed repeal of existing New Source Performance Standards (NSPS) Subparts D, Da, and GG of Regulation X and adding by reference NSPS Subparts D, Da, and GG to Regulation X.

1. Regulation X, Subparts D, Da, and GG are deleted in their entirety.
2. NSPS federal Subparts D, Da, and GG are added to Regulation X by reference.

REGULATION X. STANDARDS OF PERFORMANCE FOR NEW STATIONARY SOURCES (NSPS)(Rev. Effective ~~4/25/01~~ 10/17/01)

The provisions of Part 60, Chapter I, Title 40, of the Code of Federal Regulations, (40 CFR 60), applicable to the subparts listed in this Regulation are hereby adopted by reference on the date shown and made part of the District Rules and Regulations. Whenever any source is subject to more than one rule, regulation, provision, or requirement relating to the control of any air contaminant, in cases of conflict or duplication the most stringent rule, regulation, provision, or requirement shall apply.

All new sources of air pollution and all modified or reconstructed sources of air pollution shall comply with the applicable standards, criteria, and requirements set forth herein. For the purpose of this Regulation, the word "Administrator" as used in 40 CFR 60 shall mean the Air Pollution Control Officer of the San Diego County Air Pollution Control District, except that the Air Pollution Control Officer shall not be empowered to approve alternate test methods, alternate standards, or work practices. Other deviations, if any, from the provisions of 40 CFR 60 which are adopted by the Air Pollution Control Board are noted in the reference to the affected Subpart.

The U.S. Environmental Protection Agency (EPA) retains concurrent enforcement authority for these standards pursuant to Section 113 of the federal Clean Air Act, as amended, if the EPA Administrator desires to exercise it.

The addition of federal Subparts by reference to Regulation X shall take effect and be in force on the date of delegation of enforcement authority to the Air Pollution Control District by the U.S. EPA.

SAN DIEGO COUNTY**

**ADOPTION BY REFERENCE OF FOLLOWING NEW SOURCE
PERFORMANCE STANDARDS (NSPS):**

**SUBPART D - NSPS FOR FOSSIL-FUEL-FIRED STEAM GENERATORS FOR
WHICH CONSTRUCTION IS COMMENCED AFTER AUGUST 17, 1971;**

**SUBPART Da - NSPS FOR ELECTRIC UTILITY STEAM GENERATING UNITS
FOR WHICH CONSTRUCTION IS COMMENCED AFTER SEPTEMBER 18, 1978;
AND**

SUBPART GG - NSPS FOR STATIONARY GAS TURBINES

WORKSHOP REPORT

A workshop notice was mailed to all companies and government agencies in San Diego County that may be subject to Subparts D, Da, and GG. Notices were also mailed to all Economic Development Corporations and Chambers of Commerce in San Diego County, the U.S. Environmental Protection Agency (EPA), the California Air Resources Board (ARB), and other interested parties.

The workshop was held on August 15, 2001. There were no public comments at the workshop.
